DYNAMITING LAID TO UNION LABOR

SIX INJURED IN EXPLOSION
AT IRON WORKS

JOSHUA HENDY FOUNDRY WAS MENACED BY BLAST

Smouldering Labor Troubles Blamed
For Bombing of Sunnyvale Plant
and Shooting of Non-union Iron
Moulder.

San Jose.—Sheriff George W. Lyle of Santa Clara county has launched into a searching analysis of the circumstances surrounding the dynamiting of a cupola furnace of the Joshua Hendy Iron Works at Sunnyvale.

Deputies from his office, he declared, will include San Francisco in their early probe of the case and, while admitting that the existing labor dispute between union and non-union moulders is the most likely motive for the plant blast, other phases will be entered into.

His office, Lyle declared, is thoroughly satisfied that the blast was caused by dynamite placed in the furnace. A conference with F. J. Behneman, general manager of the Hendy plant, and plant officials, the sheriff stated, had convinced him that the blast was the result of a direct plot.

At the same time that the Santa Clara county authorities were probing the Hendy plant blast, Alameda county authorities were investigating the shooting of Fred S. Petrie, non-union moulder, of the Pacific Malle plant in the eastbay city.

Two men were injured, both seriously, in the Hendy plant blast. They are John Healey, assistant plant foreman, and John Larsen, workman on one of the four cupola furnaces.

Larsen's life was saved, it is stated, by two men who dragged him from a path of molten metal after it had swept upon him following the blast. At a San Jose hospital it was declared Larsen will recover from his burns.

The lives of 150 men were momentarily endangered by the spectacular furnace blast, which rocked the earth for a radius of several miles.

A fire which broke out at the time added to the panic of the workmen and the damage incurred. F. J. Behneman placed the company's loss at "close to \$25,000," part of this due to loss of time in output.

A reward of \$1,000 for information leading to the arrest of the persons responsible for the bombing was announced by the Industrial association through Albert E. Boynton, its managing director.

Charge that the explosion was part of a plot to intimidate "open shop" molders evoked from Frank Brown, business agent of the Molders union, an emphatic denial that the union had any connection with the alleged acts of violence against "American plan" employees of bay district metal trades shops.

"The explosion at Sunnyvale," said Brown, "was purely an accident. Director Boynton of the Industrial association is simply seeking to discredit union labor and to gain public favor for the so-called 'American plan' of the employers' organization."

IMMENSE CALIFORNIA POWER DEAL SOON TO BE COMPLETE

San Francisco.—The California power combine being formed by the merger of the Great Western Power corporation with the San Joaquin Light & Power company will be consummated shortly, the largest power merger in the history of the state. Interested directors in New York, where the deal is being made, are rapidly concluding minor elements of the transfer. This is said to include the amalgamation of the Feather River Power company controlled by the Storie interests, and control of the entire merger by the powerful Byllesby interests of Chicago.

The price to be paid for the stock of the San Joaquin Light & Power company is now said to be \$45 per share.

CHINA'S "BIG THREE" TAKE CONTROL OF GOVERNMENT

Peking.—The "big three" of China's new government have assumed control of the affairs of the government. Marshal Tuan Chi Jui, as chief executive of the provisional government, arrived first, followed by Feng Yu Hsiang, Christian general, and Chang Tso-lin, Manchurian war lord. Chang was accompanied by the first Fengtien troops seen in Peking in two years.

Tuan is expected to act as president and premier, and will form a coalition cabinet.

HOMECOMING EXPERTS PRAISE DAWES SCHEME

Increased Confidence and Improved
Industrial Conditions Marked In-
auguration of Plan.—German Spirit
Revived.

New York.—America's reparation experts, who have been in Europe to straighten out the post-war financial muddle, returned on the steamship Homeric, convinced that the Dawes plan had already restored confidence to Germany.

The party included Owen D. Young, originator of the technical feature of the plan; Rufus Dawes, who had charge of the Berlin office of the agent general of reparations; H. M. Robinson of Los Angeles, who had charge of the organizations of the reparations bank, and George P. Auld, who organized the accounting service.

"There has been the greatest improvement in the spirit of the people of Germany and a marked reduction in unemployment," said Young. "The increase in industrial activity is chiefly due to a returning spirit of confidence. The morale of the German people has improved."

Concerning the French attitude toward Germany, Young said he believed that "Mr. Herriot is convinced the greatest security of France lies in the establishment of more complete democracy within Germany."

The French and Belgian evacuation of the Ruhr was being made in the finest spirit and was doing much to heal the breach which had widened with the continued occupation, he added.

PRESIDENT CITES DANGERS IN WASTE OF FORESTS

Washington.—At the opening of the conference called as one of the last official acts of the late Secretary of Agriculture Wallace, to devise ways and means of rehabilitating American timber reserves through conservation and elimination of waste, President Coolidge drew an unpleasant picture of a timberless future. With cold facts and figures, he brought home the extreme importance of maintaining an adequate forest reserve, showing how its destruction would be followed by the virtual annihilation of the third largest industry with its ensuing era of unemployment, and the lack of most essential building material, and urged the conference to bring out a "program of specific action for timber saving, rather than a mere expression of ideas." He promised the fullest cooperation of the government and declared that the vested interests of generations to come hinged upon the success of its deliberations.

Declaring that the forest problem is a land and industrial problem of the first magnitude, the president advanced the theory that fully one-fourth of the American area should be kept in forest. He called attention to the immeasurable loss now being sustained in cutover land.

OLD BANK FRAUD CASES TO BE REOPENED BY U. S.

San Francisco.—Sylvester Rush, assistant United States attorney general, will come here from Washington shortly after the first of the year to prosecute officials and employees of ten California banks on charges of violating the national banking law, it is said. Some of the cases have been on the court calendars for five years. Illegal transfer of funds and other violations are charged in the various cases.

The most important case to be cleared is that of the now defunct Bank of Gridley, which is alleged to have been put in serious financial straits through manipulation of funds. The government will open its cases January 15.

U. S. STUDENTS TAKEN IN ROADHOUSE RAIDS

Oakland.—California and Stanford football devotees had their enthusiasm dimmed late Saturday night when federal and county officers swooped down upon four east bay resorts and arrested ten persons, including two University of California students, who were jailed and charged with violating the prohibition laws.

At two of the roadhouses in Alameda and Contra Costa counties prohibition officials described the conditions as "wild orgies." Though they appeared upon the scene while the merriment and drinking was at its height, no resistance or disorder was met.

Takes Cabinet Oath

Washington.—Formal announcement of the appointment of George M. Gore, governor-elect of West Virginia, as secretary of agriculture until March 4 next was made at the white house.

CAMPBELL'S SHOWING IN FREIGHT SHIPMENTS

Campbell holds a most enviable record as a shipping point, receiving and shipping out more goods than many much larger towns of the state.

With the assistance of Chas. Berry agent for the Southern Pacific, the Press has gathered a few figures which show the extent of shipping at this point.

From July 1 to October 31 of this year Campbell received 250 cars of green fruit; 105 cars of cans; 37 cars shook; 41 cars dried fruit; 22 cars sugar; 13 cars of canned fruit and 54 cars of miscellaneous, covering boxes, lumber, wood, crates, fertilizer, hay, oil, gasoline and merchandise, making a grand total of 522 cars with a tonnage of 21,872,636 pounds.

During the period the shipments show a greater outgoing movement of products. There were forwarded 211 cars canned fruit, 372 cars sand and gravel, 68 cars dried fruit, 13 cars green fruit and 150 cars of miscellaneous, totalling 814 cars with a tonnage of 65,726,106 pounds.

This data does not take into consideration the hundreds of tons of green, dried and canned fruit, shook, boxes and gravel in and out of Campbell by our half dozen truckmen. And besides shipments already made the warehouses of our four packing companies are still full and cars of fruit and of gravel are moving out daily.

Golden State
News of Interest to All

The total production of crude oil for California for October, 1924, was 18,696,559 barrels.

Luther Burbank spoke recently for the first time over the radio, to a western "audience."

Stanford university will graduate a class of thirty-seven seniors at the December commencement.

Plans for the establishment of a branch office of the National Automobile club in Fresno are announced.

Work has begun on a new \$1,000,000 museum at Oakland, which will house a \$2,000,000 collection of African animals.

A measure authorizing construction of a dam on San Diego river was carried in the recent water bond election at San Diego.

All roads from Oroville into the mountains are closed by snow and will remain so until the opening of the 1925 touring season.

A \$200,000 concrete structure three stories high, is being built in San Francisco, the new home of the Chinese branch of the Y. M. C. A.

San Francisco ranks eighteenth of the cities in the United States in postal savings deposits for the month of October. The amount was \$682,478.

The dedication of the Dipsea highway, a newly improved scenic drive from Sausalito to Stinson beach, took place recently at the latter place.

A "big family" contest was won by Mr. and Mrs. Patrick M. Cox of Weaverville, parents of nineteen children, seventeen of whom are living.

Figures show that the state timber is being destroyed by fire and careless consumption at a rate of four and a half times as fast as new trees are produced.

Yellow diamond road signs, warning motorists to drive carefully, are to be erected by the California state automobile association on the Skyline boulevard.

Students have moved into the \$45,000 parochial school in Santa Clara which takes the place of the old St. Claire's school, established forty years ago.

Organizing a "junior police force" of school children as helpers, Chief of Police J. J. Harper of Burlingame recently declared war there on tin cans and littered streets.

Venice is enjoying an era of prosperity with construction activities on the increase. The value of the building permits for October is around the quarter million dollar mark.

The supervisors of Sonoma county recently awarded contracts for three more permanent bridges; one will replace an antiquated bridge on the Santa Rosa-Guerneville road.

Franklin Buchanan Dorin, a survivor of the Merrimac, famous ironclad of the Confederate navy, died recently at Red Bluff. He was a distant relative of President Buchanan.

COMMUNITY CHEST CAMPAIGN NEARING FAST AND SUCCESSFUL WIND-UP

Committee Has Done Faithful Service

Herewith is list of subscriptions turned in to the Campbell Committee for the Community Chest up to November 25. Additional subscriptions will be published next week so that by keeping this paper until then a complete list may be had.

We are nearing our quota which is \$3,000.00 but the last few hundred dollars are coming slowly. We need the co-operation of everybody to put it over.

Subscriptions will be taken at the office of Kennedy & Farley. If you have not already subscribed do so now as this is truly "everybody's job."

TINY FAIRY DANCERS PLEASE CAMPBELLITES

Dolores Sterling, one of the dainty dancers who took part in the program.

We read of the dances of fairies, elves and sprites and of animated toys but few of us have been privileged to witness the same until Saturday evening when they trooped on and off the stage at the entertainment given by Mrs. Vaudine Putnam Sander's pupils.

The charming freedom from self-consciousness, poise and grace shown by the entire group from the tiniest of tots to those of older years, was a striking feature of the program.

The dainty, brilliant or unique costuming, as fitted each number were especially effective and enhanced the effect of each number. With the omission of three or four numbers due to illness or accident, the program as published last week was given, and the smoothness and dispatch with which the long list of numbers followed each other was another demonstration of the value of training.

In a program of so many delightful numbers it is impossible to give them all individual mention, and it is equally difficult to single out special parts, but a few were distinctive in special ways. "The Last Rose of Summer" solo and dance, was an effective one, as was a similar duet number "Broken Wings."

The Artists Dream was a beautiful number, both the posing and dances.

We are unable at this time to make a financial report as all the tickets have not been reported upon or bills paid.

Committees from the Country Woman's Club conducted a candy sale and a sale of fancy work and novelties, the proceeds from which are to be used for a name on the Library Building and for the building fund, respectively.

HOMER PUGH CONCERT

Homer DeWitt Pugh assisted by Elizabeth Aten Pugh, organist and accompanist, rendered at the Congregational church Friday evening a most delightful song recital.

Mr. Pugh's clear tenor tones were well brought out in the execution of his varied selection of pieces.

Mr. Pugh sings with such ease and apparent pleasure that he immediately wins his audiences who follow him with appreciation thruout his repertoire.

Campbell audiences have had the pleasure of hearing Mr. Pugh several times and his performances always elicit unstinted praise from his hearers.

Mrs. Pugh, an artist at the organ, gave two pretty numbers during the program which were very much enjoyed.

Mr. Pugh with his wife recently returned from the East where they had been studying with some of the leading musical lights of this country and their performance showed a quality and finish acquired during their summer's study.

C. of C. meets December 4.

Ford Gets Idaho Mine
Pocatello.—The Ford Motor company has acquired the Red Bird lead mine in the Salmon river district of Idaho, about 90 miles from Mackay. Preparations are to be made to work the mine all this winter.

Chicago, New Cotton Mart
Chicago.—Chicago's new cotton market will open Monday, December 1. The first month traded in on the Chicago market will be January. Many applications have been received, it was stated, from Houston and Galveston warehouses for approval as regular places for storage and delivery of cotton on Chicago contracts.

Mussolini Given Vote
Rome.—The chamber of deputies voted confidence in the Mussolini government. 337 to 77.

THE SMALL TOWN AT A PREMIUM

No longer will they poke fun at the small town, for it is coming into its own. Small towns can rejoice at every increase in population of the big town, because with such increase comes a pushing out of its population into the smaller communities and especially is the lesson driven home that the small town is ideal for free breathing and for clean, happy and joyous living. The reason is plain. Congested cities are not as desirable for homes as suburban localities, unless one is able to own a home along millionaire row. Smoke-stacks and tall buildings make for efficiency but not necessarily for virtue.

The day will come—is coming, HAS COME—when the smaller community can provide for the needs of citizenship as well or better than the great city. Its great open spaces it has, while the city has not. Its libraries, schools, churches, are more accessible, just as efficient, and are without the distractions common to more populous areas. Greatest of all, the small town provides an opportunity for friendship, for knowing and meeting and greeting the other fellow, that always will remain an unchallenged asset over that of the city. It is the eternal struggle of quality over quantity.

GIVE YOUR HOME TOWN A CHANCE

The world owes you a living, but you owe something to the world, and to your home town. A town is what the citizens make it. It can get no better than its people. It can become bigger and better if it has a chance to develop. Development comes by cooperation and dollars. By spending your money in the home town you will have aided in its growth. By trading away when you can buy at home, you retard your home town's growth. Give your home town a chance.

BERCELL-GRAFT

Mr. Fred Graf was married at Stockton on Friday, November 21, to Miss Inez Berzell, the daughter of a prominent Modesto contractor, also a graduate of Modesto Junior College. The happy couple are honeymooning here for a few days before going south, and upon returning they will make their home in a new bungalow recently built for them, a gift of the bride's father.

The wedding feast was served at the home of Mr. and Mrs. Carl Graf. The decorating scheme was carried out very artistically in yellow and white chrysanthemums. Among those present were Mrs. Barbara E. Graf, Mrs. Nevada Coleman, Miss Alberta Coleman, Mr. and Mrs. J. H. De Vaughn, Earl Purdue, Leo Purdue, Mr. and Mrs. A. A. Pastor, Lieut. and Mrs. Lea Kutrz, Mr. and Mrs. O. Abrams, Mr. and Mrs. Mrs. A. J. Vondersloot, Dr. and Mrs. Lon Petch, Mr. and Mrs. Carl Graf.

MAIL CHRISTMAS PACKAGES EARLY

All mail destined for Christmas delivery in foreign countries should be mailed at once, and many of the wiser ones have theirs already on the way. The necessity of custom's inspection, delays the delivery of the parcels so that there will be little if any time to spare.

Domestic mailing should begin very soon for the distant points. No rural deliveries will be made anywhere on Christmas Day, and taking into account that only what mail is on hand early Wednesday morning of the twenty-fourth can possibly be delivered, don't wait and figure that any regular schedule of time for parcel post can possibly be carried out.

Be sure to pack well, wrap securely and tie thoroughly and strongly. Address with ink or colored pencil in the same manner as a letter, senders return address in upper left, recipients address in lower right. Do not try to send very small parcels, and put no Christmas or other seals or stickers on the address side.

CARD OF THANKS

We wish to express our sincere thanks to our many friends, also the employees of the Ainsley Packing Co. for their kind sympathy and beautiful floral offerings during our late bereavement in the loss of a loving wife, mother and sister.

A. R. Miller and family.
Mrs. Rose Koch
Mrs. A. R. Benefiel
Frank W. Neprash

CAMPBELL 5'S BUSY

In a very one-sided battle at the local gymnasium Friday evening the Gilroy town basketballers went down to defeat by a 46 to 4 score. Our high boys were in fine trim and at times put on a perfect show of machine team work.

This evening another practice game will be played at Campbell gym. The first league game will be played Friday, December 5, against San Mateo at Campbell when a big turn-out should fill the new balcony to encourage the team.

Our walloping town tossers were the "poor down-trodden" unfortunates Saturday evening when the Y 130's took them down the line by an unmentionable score. Our boys show an alibi though as most of them put in a strenuous and nerve-racking afternoon at the big game which is hard work. Tomorrow evening they will meet the Standard Oil quint at the Y at 8 o'clock.

MUSIC LOVERS MEET

Miss Bozena Kalas, of the faculty of the College of Pacific, at Stockton, Miss Helen Kalas, and their father, Prof. Jan Kalas, entertained a group of friends from San Jose with an informal musical at their home on Winchester Road Saturday evening.

The guests included Messrs. and Mesdames Jan Phillip Shinhin, Miles A. Dresskell, O. L. Edwards and John Campbell, Miss Spitzer and Mr. Nelson and Mr. and Mrs. Josef Halamicek of Campbell.

Such a congenial group of artists gathered for an evening, could not fail of having a delightful time at such a hospitable home as that of Mr. Kalas and his daughters.

Extra Special

Tersely Told

C. of C. meets December 4.

Mr. and Mrs. S. G. Rice have returned to Campbell to live after a year spent at Morgan Hill.

Poor henpecked Arthur, what a tangle he gets into. See for yourself by going Friday night to The Prince of Liars.

The local C. E. Societies held a sunrise Thanksgiving service prayer meeting at the Manse yesterday morning.

Little Bobbie Thompson, who had an attack of diphtheria, is well again and Mrs. Crow's household is "released from captivity."

Mr. and Mrs. G. M. Bockins have sold their property on East Campbell Avenue and moved Tuesday to Morgan Hill where they will make their home.

The S. G. Rodeck and Ben Rodeck families enjoyed their Thanksgiving dinner with Mr. and Mrs. C. H. Antrim at Fresno, where they had spent the week.

Gayno Eddleman and Albert West went to Gridley last Friday in quest of ducks and geese, and met with very good success, bringing home a good bag of each.

Mr. and Mrs. Anders Larsen, of San Francisco, and Miss May Farley, of Oakland, were home to spend the festive day with their parents, Mr. and Mrs. A. J. Farley.

The annual community Thanksgiving service was held at the Congregational church Wednesday evening, Rev. F. C. Farr, of the Methodist church delivering the sermon.

Mrs. Sallie B. Allen, of the grammar school faculty has been confined to her home on North Second Street. Her illness resulted from a Job's comforter on one of her shoulders.

G. R. Newcomb has been busy for the past two weeks making extensive improvements to the J. F. Duncan house changing the kitchen and other rooms.

Miss Opal Williams, daughter of Mrs. Mary Williams, is seriously ill with a combined case of scarlet fever and diphtheria. Her condition has been quite critical but at last report she was slightly improved.

Elver Bohnett has joined the force in the Campbell Branch of the Mercantile Bank. Mr. Bohnett has made his home here for several years, living on the Los Gatos Road, so that he is not unknown to many of the patrons of the bank.

The Mount Hermon home of Mr. and Mrs. W. E. Eckles was made the scene of a happy family party for Thanksgiving, Mr. and Mrs. Homer Pugh, Mrs. Aten, Dr. and Mrs. Aten, of San Francisco, and Mr. and Mrs. Bassett joining their hosts.

The Cutting family enjoyed a big family reunion at the F. H. Cutting home yesterday. There were present, father and mother, C. D. Cutting, W. C. Cutting, J. A. Cutting, T. A. Cutting, A. St. John, L. R. Rathbun and Mrs. Cora Ricker and families.

Mrs. C. H. Whitman has not been quite so well the past week having suffered a great deal of pain. Her remarkable will power and faith sustain her thru all her trials. Her daughter, Mrs. J. F. Stull, of Hermosa Beach, arrived Monday to be with her.

Mrs. Chas. Berry served Thanksgiving dinner for a family gathering yesterday. The guests were Mr. and Mrs. Millard Berry, Mr. and Mrs. H. R. Fuller, Mr. and Mrs. Chas. Fuller and Mrs. Maud Stewart, all of Sunnyside, and Mr. and Mrs. Clifford Berry and little Betty Louise, of San Jose.

We sincerely regret that the name of Miss Burgess was omitted from the list of entertainers at the P. T. A. Fathers' Night. Miss Burgess' sweet soprano voice is always a welcome addition to any program and her courtesy in coming out from San Jose to contribute to the evening's enjoyment was greatly appreciated.

Mrs. Gillibrand's nose is in everybody's business but her own Friday night in The Prince of Liars. See it December 5.

Mr. and Mrs. Clyde Baugh, of Berkeley, Miss Helen Baugh and Miss Grimm, of Oakland, and John Church, of Richmond, were all here to eat turkey at the home of Mrs. Hattie Baugh.

Ever since Saturday it has been a fairly safe bet that if you "listened in" on the conversation where a group was gathered, that you would hear about some remarkable feature of the game or stunt of the rooters at the Berkeley-Stanford event.

Mrs. Sarah Robinson, mother of Mrs. Lee Brown and Mrs. A. F. Bulmore was quite ill at the home of Mrs. Brown, when this notice was written for the Press. Report was given Monday that she was in a critical condition but Tuesday she had rallied and was sitting up part of the time.

R. G. Archibald and family have joined the city tribe for a time while Roy is assisting at the head office of the Mercantile Trust Co. in San Francisco.

Mrs. T. H. Martin, who was so seriously ill from diphtheria, has recovered and the family was released from quarantine several days since.

The L. O. O. F. Preston-corner was the locale of another auto accident last week when A. W. Johnson's auto and Nick Mazzone's motorcycle tried to occupy the same space at the same time, contrary to the laws of physics. Mr. Johnson survived the fray very well but the other party suffered from a broken wrist.

Henry Young's attractive new house which Andrew Johnson is building on the Young ranch on Budd Ave., has reached the plastering stage. The outlook from all the rooms is delightful, the east view overlooking Budd Ave. to its junction with Winchester Road, and the south and west giving a fine panorama of the Santa Cruz Mountains.

GOLDEN RULE SUNDAY SET FOR DECEMBER 7

Committees Work For Observance—Citizens to Eat Orphan's Meal

Sunday, December 7, which has been set aside as "International Golden Rule Day," will be observed quite generally throughout the Pacific

JUSTICE LOUIS W. MYERS
Chairman Golden Rule Committee

region, according to Justice Louis W. Myers, chief of justice of the California supreme court, and chairman of the Golden Rule committee for Northern California, Nevada and Hawaii.

Following President Coolidge's endorsement of the day, governors of states, mayors of cities, pastors, welfare and civic leaders and women's clubs, reports to the chairman indicate, are cooperating in the movement, one of the objects of which is to have people share their prosperity with the orphans under care of American Near East Relief in Bible Lands.

"The method of observance," says Chairman Myers, "will vary with local conditions, but it is proposed that on Sunday, December 7, all persons who wish to practice the Golden Rule in their own lives or homes shall provide for their Sunday dinner approximately the frugal menu (when funds permit) which Near East Relief gives the tens of thousands of orphan children in the relief centers of Greece, Syria, Palestine and Armenia. It is urged that this meal be eaten in the spirit of communion, remembering that those children need food, to the purchase of which we will contribute according to our means."

Subscriptions may be sent to 333 Mills building, San Francisco. The Golden Rule committee for Northern California, Nevada, Hawaii and the Philippine Islands includes Judge Louis W. Myers, chairman; Wallace M. Alexander, Robert Dollar, Paul Scharrenberg, Fred A. Koster, Rt. Rev. E. L. Parsons, Most Rev. Archbishop E. J. Hanna, San Francisco; Ray Lyman Wilbur, Stanford; A. S. Lavenson, Rabbi R. I. Coffee, Oakland; Governor Friend W. Richards, Sacramento; Mrs. W. D. Westervelt, Mrs. John Waterhouse, Honolulu; Governor Farrington of Hawaii; Governor T. G. Scruggs, Carson City, Nevada; Governor General Leon T. Wood, Manila.

Mr. George A. Kennedy, of the First National bank, San Francisco, treasurer of the Northern California Near East Relief committee, states that the auditing system of the Near East Relief is one of the very best of any charity or philanthropy in America. He cites, in support of his statement, the report of the charities commission of Hartford, Connecticut.

The Associated Charities of Hartford, sent a delegation to New York City, to investigate the charities and philanthropies of that great metropolis. After a wide survey, they returned a report to their organization to the effect that the Near East Relief auditing system, at 151 Fifth avenue, was the very best that they had investigated.

Mr. Kennedy states further, that duplicates of the bookkeeping sheets go forward twice monthly for auditing, to Hardman and Cranston. These audits, with complete financial statement go forward to congress annually, by reason of the fact that the Near East Relief is commissioned by the congress of the United States.

Anyone desiring copy of the financial report to congress, may obtain same by writing: Mr. Geo. A. Kennedy, treasurer, 333 Mills building, San Francisco.

The State Industrial Accident committee has awarded Mrs. Angelina Dardini, of Samoa, Humboldt county, \$5,000 compensation for the death of her husband, Peter Dardini, an employee of the Hammond Lumber company, who was accidentally electrocuted. To Mrs. Della Hoagland of San Jose, the commission awarded \$4,900 on account of the death of her husband, A. Hoagland, a truck driver for the Spreckles Sugar company.

Because he resembled a holdup man so closely that a victim of a robbery could not tell the difference, Sergeant Harry Mathias of the Presidio, San Francisco, nearly went to jail for a crime of which he was innocent. Faced with his supposed victim in jail, he was positively identified. Just then Sam Williams was brought into court, and on hearing the accusation against Mathias, confessed to the crime.

What naval officers said was the first "E" rating to be achieved by a 16-inch turret on an American battleship was hung up by the crew of No. 3 turret aboard the U. S. S. West Virginia when the new superdreadnaught ran through its first battle practice off San Clemente Island recently. A comparatively "green" crew manned the guns.

A letter, faked by a confederate as a subterfuge, and purporting to bring news of a dying mother to Alexander Gowers, alias Allie O'Grady, prisoner in the Yreka jail, recently brought Gowers face to face with prosecution as one of the seven men wanted on a charge of brutally attacking Annie Zuver, 17-year-old Renton girl.

The San Gabriel canyon watershed forest and brush fire which burned over 50,000 acres cost more than \$300,000 to fight and control, according to testimony given before the Los Angeles board of fire review. The board is seeking to formulate a more effective protective system for fire areas of southern California.

Legislative action designed to prevent the cities of the San Francisco bay region taking the waters of the San Joaquin watershed and to force those districts to go into northern California for their supply, was the object of a resolution passed recently at a meeting of the Irrigation Districts association of California.

New Yosemite village came into official existence recently when Stephen D. Mather formally dedicated the new village and administration building with the assistance of several local citizens and visitors. At the same time, cornerstones were laid for the new \$50,000 museum and the \$40,000 postoffice.

50,000 IN LIFE-SAVING SERVICE OF RED CROSS

Additional 50,000 Water Safety Experts Probable Gain of Summer Campaign.

A boy watched an expert give a class a lesson in the way to revive a person unconscious from water immersion. The next day the boy tried it on a bathing companion and saved his life. Such a boy justifies all the effort and the cost of the Life-Saving Service, American Red Cross officials declare. The Red Cross method of restoring partly drowned persons is so simple that the continual large sacrifice of life must decrease as an informed public insists upon general instruction in prone pressure practice to induce respiration.

The Red Cross Life-Saving Service in every part of the country, summer and winter, is engaged in teaching this method as an integral part of swimming and life-saving. This service has grown from a single expert in 1914 to a corps of almost 50,000 active life-savers. In this tenth year of the work it is predicted that fully 50,000 more experts will be eligible for membership in the corps. This large accession in a single year is confidently expected as the result of the campaign among 22,000 troops of Boy Scouts under a plan to qualify at least two life-guards in each troop.

During the past year 4,746 men, 3,374 women, 9,731 boys and girls successfully passed the rigid tests of the Red Cross—an increase of 5,331 over 1923. Intensive instruction is developing hundreds of qualified examiners for the Red Cross Life-Saving Corps, who supplement the teaching staff maintained by the national organization. The cause of water safety is therefore penetrating to new sections and eventually will cover all American territory.

Recognition of this Red Cross service for humanity is growing apace. At the request of the War Department every military training camp had life-saving instruction last summer. Municipalities have adopted the Red Cross course, public and private schools are offering it to students, business, civic and athletic organizations are promoting campaigns, and police departments are making it a part of the conditioning process for their recruits.

Volunteer life-savers throughout the country, the American Red Cross reports, are eagerly advancing the cause of water safety, 388 volunteers receiving medals for giving from 200 to 300 hours' service in two or three years. In addition 36 rescue bars to medals were awarded members of the Red Cross Corps who saved one or more lives during the year.

It is for the work and extension of life-saving that continued support through memberships is sought, and the American Red Cross urges all persons to join or renew membership during the enrollment campaign opening Armistice Day, November 11.

Red Cross Invites All Into Neutral Army of Service

There are 3,089 counties in the United States and more than 3,500 Chapters of the American Red Cross. The Chapter is the local unit of the national organization, formed to carry out the program, services and policies of the Red Cross. The industry of these 3,500 local units is a voluntary and steady outpouring of well-doing and sympathy which softens human suffering and distress wherever it arises. This work is absolutely neutral, for the Red Cross knows no race, no creed, no color.

The strength of the American Red Cross being in its Chapters, the organization annually invites the people to join or renew their membership during a Roll Call which always begins on Armistice Day, November 11.

"It is this annual enlistment of millions of Americans under the banner of the American Red Cross which makes possible the continued work of this great and democratic legion of mercy," says Judge John Barton Payne, head of the national organization. "Membership in the Red Cross is a privilege within the reach of everyone. The need for service grows more insistent each year. To keep pace with the demands which come from every section of our country, we must have the people's loyal support. Our capacity for service in the year to come will be limited only by the extent to which we receive support for our work in the coming Roll Call."

The invitation of the American Red Cross is unlimited. The enrollment period, Armistice Day to Thanksgiving, is everyone's opportunity to join.

Annual Summons to Service
The annual nation-wide Roll Call of the American Red Cross to enroll members for 1925 will open on Nov. 11, the anniversary of that tense and never-to-be-forgotten Armistice Day six years ago, which silenced the crashing arms of the World War. The enrollment will continue for 17 days, through Thanksgiving Day, Nov. 27. Preliminary to the Roll Call period will come Red Cross Sunday, Nov. 9. During the 17 days set aside for the enrollment more than 3,500 Chapters of the Red Cross and their thousands of branches will invite the people to join the Red Cross or renew their membership.

HE SAYS "LIARS" ARE WORTH WHILE

Saratoga, Calif., Nov. 25, 1924.
Editor Campbell Press,
Campbell, Calif.

Dear Sir:—
I hear that the Parent Teachers Association have made arrangements with The Little Theatre Group of Los Gatos to play The Prince of Liars at the school auditorium on the evening of December 5. I want to congratulate the citizens of Campbell on the opportunity to hear this play and this company. I heard them at Los Gatos and was agreeably surprised at the excellence of the entertainment.

Please do not think that I would interpose my opinion in a pure spirit of altruism if I were not confident that the Los Gatos players were not certain to give you folks an excellent entertainment. The play is one used years ago by John Drew. It was written for laughing purposes only in a day when farce comedies were the vogue and there was keen competition in writing them. It was the day of Too Much Johnson, Charley's Aunt, and other clean, side-splitting productions. The Prince of Liars is the equal of any of them. The lines are bright and the situations are clean and uproariously funny.

The cast has been splendidly drilled by Charles E. Murphy, who has done this sort of thing as a sideline for twenty-five years. You will be surprised and mighty proud to see what the young folks of your neighboring city can do in the way of acting. There is not a weak spot in the cast. You have paid a dollar and a half many a time to see a worse play less skillfully played. You have seen few better entertainments anywhere. I am controlling myself in order not to give the impression of exaggeration. It really does not seem possible that such a play should be given after a few weeks rehearsal by a group of amateurs.

Of course, you know the Parent Teachers Association and what they are doing for the schools. I have seen Campbell give one magnificent crowd to Edmund Vance Cooke and go home happy. I am hoping that she will again show her appreciation of the opportunity to get about two hundred cents on the dollar by turning out en masse to hear The Little Theatre Group of Los Gatos, in the Prince of Liars. They are coming under a liberal arrangement with the association which ought to net that organization a good many dollars if you folks turn out. And if you think clean, wholesome amusements are to be encouraged, you can show it by getting tickets if you have not already done so.

J. U. HIGGINBOTHAM.

STORE ENLARGED

C. H. Whitman is remodeling his hardware store which has been the home of his steadily growing business for more than a score of years. Mr. Whitman, the dean of Campbell's business men, first began business in the Charlotte Willett Block, March 1, 1895. In 1896 he built his present building enlarging as requirements demanded. Recently he moved the barber shop building from its location and has begun operations for enlarging his display and salesroom to cover the adjoining lot, giving him a frontage of 42½ feet which will afford almost double his present display window.

Jos. Bohnett and daughters, Misses Grace and Lois, motored south Tuesday to spend Thanksgiving week-end at Los Angeles with relatives, Mr. and Mrs. Edw. McCormack. Misses Grace and Lois will take in the big sight at Tiajuana as guests of Jas. W. Caffroth.

Mrs. H. P. Bean spent last week-end at Vallejo with her daughter, Mrs. Bryant Smith. While there she enjoyed a big turkey dinner given the Eastern Star by the men of the order, which proved a great treat to all the ladies present.

P. N. Roberts and wife, of Norfolk, Neb., were guests of his brother-in-law, P. Arnott and daughter, last week, on the way south where they will spend the winter at Long Beach.

Arthur M. Free Is Warmly Praised for Coolidge Dawes Campaign

Official Washington is saying some extremely pleasant things about Congressman Arthur M. Free, according to Hon. E. A. Hayes, who has just returned from the east. During five days spent at the capital Mr. Hayes learned that Mr. Free had been very active in campaign speaking in various states as a personal representative of the Republican national committee. An aftermath of praise has resulted, Mr. Free being considered one of the best campaigners in the field for the Coolidge-Dawes interests.

Those in charge of the campaign in Washington told Mr. Hayes that the California congressman had stumped Ohio, Indiana, Iowa and Minnesota, spending the last week of the campaign in the latter state, and that in the last month's intensive campaigning he spoke from two to five times a day.

Authoritative persons in Ohio, Indiana, Iowa and Minnesota, believe the California congressman contributed materially to November 4 results in those states. His sound stand, inexhaustible fund of information, and convincing delivery, won friends right and left for the Republican nominee. Members of the national committee warmly pronounce him one of their best campaigners. Needless to say, as a former congressman from the eighth district, Mr. Hayes was greatly gratified to learn that Mr. Free's record had been so satisfactory.

Mr. Hayes expresses himself as delighted with election results. He states that in visits to the great industrial cities of the east he found substantial and thinking people of affairs certain of a period of prosperity ahead now that election is over.

In talking with all sorts and conditions of people from capitalists to clerks, Mr. Hayes was pleasantly astonished to meet with no one opposed to Coolidge. Ohio and Illinois, where he spent several days in Cleveland and Chicago, were found nearly unanimous for the Republican candidates.

Returning to Mr. Free, Mr. Hayes spoke of his growing power on the platform. Always a facile and interesting speaker, the Californian has matured in statesmanship during his four years' contact with national affairs at a surprisingly rapid rate—Mercury-Herald.

C. of C. meets December 4.

Georgy can't even kiss her husband without someone around in The Prince of Liars.

Come and see "Joshua darling" the apple of his mothers eye in The Prince of Liars.

Seba Weeks last week moved his family to Folsom where he has steady work for some time.

The Prince of Liars presented by The Little Theatre Group of Los Gatos Friday night, Dec. 5. Tickets 35c and 15c. It's worth your time and money.

Roseville claims to be the industrial center of Placer county. The ice plant of the Pacific fruit express, recently enlarged at a cost of \$1,000,000, brings the capacity to 1,250 tons a day.

The Lassen county chamber of commerce has petitioned the Southern Pacific for a new depot at Susanville and safety devices at the Brockman crossing of the Susanville-Johnstonville highway.

While exploring the Santa Monica hills near Los Angeles, R. E. Fisher found what scientists partially identify as the remnants of the spinal column of a prehistoric whale or possibly of a dinosaur.

Glenn county cast 3,346 votes at the recent election with a total registration of 4,394, a pro rata in excess of seventy-five per cent, which, it is claimed, represents the highest proportion in California.

California cement plants expect to do a business of \$50,000,000 next year. Output of crushed rock and gravel for building purposes worth \$15,000,000 this year will be doubled according to present predictions.

Among the articles shown recently at a display of native fancy work of women of the Richmond public school Americanization classes, was a Persian shawl that required the labor of four women for twenty years.

The state building trades council of California, comprising fifty or more international labor organizations, will not sever relations with the national building trades department of the American Federation of Labor.

Losing his hold on the ledge on which he had climbed to play a joke on a student friend, William Ward, a junior at the University of California, was killed when he fell from the roof of the Delta Upsilon fraternity house.

The 1923 death rate for California was 1,434 per 100,000 population, as compared with 1,406 in 1922. The increase is largely accounted for by increased deaths from measles, diarrhoea, interitis, and automobile accidents.

NOTICE OF SALE OF PROPERTY HELD FOR ROOMING-HOUSE LIEN

Notice is hereby given that the undersigned will on the 17th day of December, 1924, at 1:00 p. m., sell to the highest bidder for cash at 132 South Third, in the City of San Jose, in the County of Santa Clara, State of California, the following described baggage, held by the undersigned on a claim due said undersigned, to-wit:

Three trunks,
One child's high chair,
One child's rocker,
One large box of tools and household goods.

The above described property was, prior to May 6th, 1924, the property of L. C. McKenzie, whose last known address was 364 North Fourth Street, San Jose, California.

Dated this 14th day of December, 1924
Mrs. H. N. Cornes, Lien Claimant.

NOTICE TO CREDITORS

Estate of Mary J. Parkinson, Deceased.
Notice is hereby given by the undersigned Administrator of the estate of Mary J. Parkinson, deceased, to the creditors of and all persons having claims against the said decedent, to file them, with the necessary vouchers, in the office of the Clerk of the Superior Court in and for Santa Clara County, California, within ten (10) months after the first publication of this Notice, or within said period to exhibit the same with the necessary vouchers, to the said Administrator at the office of Bohnett, Hill & Campbell, Rooms 311-314 Bank of San Jose Building, in the City of San Jose, County of Santa Clara, State of California, where all business in connection with said estate will be transacted.
San Jose, Cal., this 12th day of November, A. D. 1924.

A. LE ROY PARKINSON,
Administrator of the Estate of Mary J. Parkinson, Deceased.
Bohnett, Hill & Campbell, Attorneys for said Administrator.

NOTICE TO CREDITORS

Estate of Antone A. Miranda, Deceased.
Notice is hereby given by the undersigned Administrator of the estate of Antone A. Miranda, deceased, to the creditors of and all persons having claims against the said decedent, to file them, with the necessary vouchers, in the office of the Clerk of the Superior Court in and for Santa Clara County, California, within four (4) months after the first publication of this Notice, or within said period to exhibit the same, with the necessary vouchers, to the said Administrator, at the office of Bohnett, Hill & Campbell, Rooms 311-314 Bank of San Jose Building, in the City of San Jose, County of Santa Clara, State of California, where all business connected with said estate will be transacted.
San Jose, Cal., this 27th day of October, A. D., 1924.

JOHN MIRANDA,
Administrator of the Estate of Antone A. Miranda, Deceased.
Bohnett, Hill & Campbell, Attorneys for said Administrator.
